AS MALICIOUS LIAR BAILEY IS DENOUNCED

Senator Unmercifully Scored By Opponents.

38 NO LET-UP IN FIGHT AGAINST

The Senator—Those Who Oppose Mr. Bailey Announce that They Are in the Contest to Stay—Bailey's Private Record Is Assailed.

Austin, Tex., March 2.—The aftermath of the premature ending of the investigation of charges against United States Senator Joseph W. Bailey came when the house of representatives rose to denounce Senator Bailey for the language he had used last evening in addressing himself to the men who had voted against him, Senator Bailey's assertions were denounced as lies, his language as indecent and abusive, and his manner an insult to the house of representatives of Texas. Representative Sam Johnson, one of the minority, denounced Senator Bailey as "a wilful, malicious and premeditated liar."

Representative R. M. Brown, used language to the same effect, and stated that if he had been present when the vote was taken to "vindicate the senator" he would have voted against it.

Representative Beatty was extremely sarcastic in his remarks, and mentioned neither the senator's public or private records. Beatty claimed that Senator Bailey had not been all that was good and noble, back in Mississippi, and he offered to pay the expenses of any member of the legislature who wanted to go to Mississippi to find out. The speaker took exception to Bailey's remarks, made by him against a member of the house to the effect that "he had gambled with negroes, and had been used as an example by the ministers of his home town."

Representative Reedy, of Smith county, vigorously assailed Senator Bailey, and denounced his utterances against the minority as false.

Representative Jenkins, author of the minority report condemning Senator Bailey, pleaded guilty to the charge of once having been a populist, but said he became a populist when the democratic party had violated the principles of democracy.

"I denounce the co-called party int days when there was not a democratic plank in the democratic platform," he said. "I have been a good enough democrat to write seven planks in the state platform you stand on today."

Representative Driggus, a friend of Senator Bailey, rose to a question of personal privilege to eulogize Senator Bailey. Representative Dodd, a friend of the senator, also spoke on his behalf.

As a consequence of Senator Bailey's speech Thursday night, Lieutenant Governor Davidson and a majority of the democratic membership of 40 in the house have announced their candidacy for re-election hence, and defy Senator Bailey to defeat them.

Senator Bailey left Thursday night for Washington.

WAR ON ALIENS BY CALIFORNIA.

Sweeping Anti-Japanese and Anti-Chinese Measure Passed.

Sacramento, Cal., March 2.—The lower house of the legislature Thursday passed a sweeping anti-Japanese measure, introduced by Assemblyman Drew, of Fresno.

The bill is known as the anti-alien property holding bill. It is aimed at the Japanese and Chinese property owners in this state, and is intended to prevent them from acquiring and owning property for a longer period than five years. In urging the passage of the bill, Drew stated that since Jan. 1, of this year, one-third of the property transfers in Fresno had been to Japanese.

The bill provides that any alien who does not become a citizen of the United States shall acquire and hold title to lands in this state for no more than five years. If within that time the alien does not become a citizen the district attorney shall compel the sale of his lands or houses.

Japanese and Chinese are not specifically named, but as they cannot become citizens, the bill is aimed directly at them and precludes them from from owning property for more than five years. The measure also provides that no contract, agreement or lease of real estate for a longer period than one year shall be made to any alien and any lease, agreement or devise or real estate made to any alien for a longer period shall be null and void.

The impression is given out that if the bill reaches the governor he will sign it.

Story of National Anthem.

Washington, March 2.—Admiral Dewey told the story of the adoption of the "Star Spangled Banner" as the national anthem at a meeting of the Francis Scott Key Memorial association here Thursday night. He said he was instrumental in its adoption by the government, saying that once while he was abroad and was dining with Prince Henry, of Prussia, on the latter's flagship, the band played "Hail, Columbia." He called the prince's attention to the fact that it was not a national anthem and referred to the "Star Spangled Banner." Later he and Justice Moody, then secretary of the navy, discussed the incident, the result of which was the issuance of the president's order designating the "Star Spangled Banner" as the recognized national anthem of this government.

Colonel Livingston Is Ill.

Washington, D. C., March 2.—Colonel L. F. Livingston has been suffering for the past several days with a severe attack of the grippe, which developed as an aftermath of a hard cold contracted several weeks ago. For awhile he was able to spend alternate days at the capitol, but was finally forced to keep his room. He was considerably better Thursday, but his physician has ordered him to keep his room, fearing pneumonia may result from any exposure. As soon as Colonel Livingston completely recovers he will co-operate with the department of commerce and labor in the prosecution of the investigation of the cotton exchanges of the country. His assistance has been requested by Commissioner Garfield.

Chinese Minister Heads Association.

Washington, March 2.—At the annual meeting of the Washington Alumni association of Andover academy, Sir Chentung Liang Cheng, Chinese minister to the United States was elected president of th association. The meeting, which was held Thursday night, was addressed by Robriam Adams, of Waterloo, Iowa, of the class of 1894. John A. McIlhenny, of Louisiana, recently appointed a member of the civil service committee was among those elected to membership. The Chinese minister presided over the meeting.

Mrs. Wallau's Hearing Postponed.

New York, March 2.—At the suggestion of District Attorney Jerome, the hearing of Mrs. Lottie Wallau, charged with the murder of her mother, Mrs. Ida Rose, by corrosive sublimate poisoning, which was to have been held in the Tombs police court Tuesday, was postponed until Thursday morning. This was done in order that the case may first be presented to the grand jury, which will meet on Monday.

HANGMAN'S NOOSE WINS IN THE RACE

For Life of John Bullard, Who Murdered His Daughter.

JUDGE GOBER REFUSED TO ACT

On the Prisoner's Petition—Last Hope for Bullard's Life Was Shattered on Friday—City Crowded with Curious Country Throng.

Marietta, Ga., March 2.—Governor Terrell's approval of the pardon board's recommendation that no respite be granted John Bullard, and Judge Gober's refusal to in any way pass upon a constitutional point made by the condemned man's attorneys, swept away the last hope of Bullard escaping the hangman's noose.

Tuberculosis, which laid its hands upon the slayer of his daughter, has fought with the law for the man's life, but grim justice has won the fight.

The gallows was ready and at 11:30 o'clock Friday the trap was sprung, and Bullard's spirit was sent to its doom.

As he counted the minutes until he was jerked into eternity, Bullard was in the very shadow of death. In his case death had no sting, for his life had been a forfeit for weeks. Had he escaped death at the hands of the law, tuberculosis would have claimed him ere many days went by. Bullard and his family did not ever ask for life. They only asked that he might be allowed to die a natural death a few days later, perhaps a few hours only, than the time set by law for him to pay the penalty of his crime. But the law turned deaf ear to his appeals and Bullard had to go the transgressor's way.

The hour between 11 o'clock and noon was fixed by law for his execution, and the local authorities set 11:30 o'clock, as the time for springing the trap. A few minutes before that hour he had to be lifted to the scaffold, and while his limp body was supported by the sheriff and his assistants, the rope was fastened about his neck. Then the spring of the law's machinery, a few choking gasps and the disgraceful end.

Judge George F. Gober, of the Cobb county superior court Thursday refused to consider a petition attacking the constitutionality of the act of 1903, which empowers the governor to apoint a commision to inquire into the sanity of prisoners, and so the last hope of John Bullard, condemned to death Friday for the murder of his daughter Ruby near Marietta was gone.

The petition was filed by E. Herbert Clay, Bullard's counsel. Mr. Clay contended that the act was unconstitutional, in that it did not allow prisoners the right to be tried by jury. Judge Gober refused to consider the appeal and wrote across the petition: "This matter must come to an end."

Had Judge Gober acted upon the petition, even to deny it, Attorney Clay could have appealed from the Cobb county to the supreme court, and so Bullard would have gained a respite pending the final decision.

This hope gone, the death watch was put over Bullard Thursday night, Deputy Sheriff E. T. Sheftall being in charge of it. With the condemned man was Dr. C. E. W. Dobbs, pastor of the Baptist church of Marietta, who offered prayer for Bullard.

Bullard never slept all night, and spent his time in a sort of mental stupor.

The execution was private. Drs. C. H. Fields and Gilbert Pennent, of Marietta, who were appointed attending physicians by Judge Gober, Sheriff W. A. Frey and Deputy Sheriff and Jailer W. T. Dewberry, with some half dozen other deputies, and Dr. C. E. W. Dobbs, pastor of the Baptist church, who offered prayer, were the only ones who witnessed the execution.

The condemned man's two brothers, Marshall R. Bullard, his cousin, Matt Bullard and his brother-in-law, O. B. Manning, were at the jail Friday, but did not witness the execution.

Many country people were in Marietta and throngs of curious people stood around the jail all Friday morning.

WIFE NO. 1 IS SATISFIED.

Will Give Month's Alimony for Second Bride's Tour.

Columbia, S. C., March 2.—Paul Irving Welles, who for a number of years was superintendent of the Columbia division of the Southern railway, with headquarters in this city, and later became vice president and general manager of the Columbia street railway, was married to a Miss Kraus, formerly of Charlotte, N. C., but now of Roanoke, Va. Miss Kraus was Welles' stenographer here.

Welles has a wife in this city to whom he was married 18 years ago in Salt Lake City, Utah, according to her statement. Mrs. Welles No. 1 has two grown children whose father was named Westlake. She owns a home in the fashionable residence portion of the city.

She says she will take no steps against Welles, so long as he continues her a monthly allowance. She said she would let this month's check go toward giving him a royal wedding tour.

Welles left here six months ago to become president of the Union and Glenn Springs railroad, afterwards going to New York.

Farmer Gripped by Blood Mania.

Bloomington, Ills., March 2.—Tom Baldwin, a rich farmer and former merchant of Colfax, Thursday shot and killed Charles Kennedy and wife and Mrs. Sim Eisman and daughter, Cora. Baldwin was arrested. Baldwin, who is 68 years of age and a widower, is under bond charged with criminal assault on Cora Eisman, who was but 14 years of age. He had settled with the girl's father for a sum of money, but was subsequently arrested, and blamed the Kennedys and Mrs. Eisman for the prosecution. Baldwin narrowly escaped lynching at the hands of the farmers. He surrendered to a deputy sheriff at Arrowsmith and was driven hurriedly to Saybrook and brought by train to the town of Bloomington.

Still Hunting for Thief.

Chicago, March 2.—The hunt for the man who stole $173,000 from the Chicago sub-treasury continues. John E. Wilkie, chief of the United States secret service, who arrived here Thursday and took personal charge of the case strongly intimated last night that suspicions has concentrated on one man, whose name has been already mentioned in connection with the gigantic theft, but the officials were not yet ready for an arrest. Chief Wilkie said this suspected man might have had one or several acomplices who profited by the theft, but his theory was that one man had taken the money.

Tom Harris Found Guilty.

Gaffney, S. C., March 2.—The jury in the case of Tom Harris, alias Tom Childress, the North Carolinian who confessed to the murder of Mrs. Hortensia Morgan, after deliberating less than an hour, rendered a verdict of guilty of murder without recommendation to the mercy of the court. Judge Aldrich at once sentenced him to be hanged on March 29. If there is no interference with this sentence, it will be the first hanging that has ever occurred in Cherokee county.

Pope Receives Milan Pilgrims.

Rome, March 2.—Pilgrims rom Milan to the number of 400 were given an audience by the pope Thursday. They presented $8,000,000 to His Holiness to be used for the support of the French clergy. The pope's speech of thanks was greeted with applause, especially some of the women among the pilgrims. This pleased his holiness, who remarked jokingly, "In my time, only the men applauded; I see now that the women have learned the art as well."

Damages for Loss of Whiskers.

Wellston, O., March 2.—Samuel Beatty, 76 years of age, was Thursday awarded damages of $101 by the circuit court against the Southern Ohio Gas company for the loss of a luxuriant growth of whiskers, burned off in a gas explosion in this city two years ago.

NEGROES GUILTY, DECLARES PENROSE

Convinced That Black Troops Shot Up Brownsville.

CONSPIRACY IS ALSO ALLEGED

Penrose Who Is Being Tried by Courtmartial, Wrote This Letter Last Year, and It Is Used Against Him.

San Antonio, Tex., March 2.—"Were it not for the damaging evidence of the empty shells and used clips, I should be of the firm belief that none of my men were in any way connected with the crime, but with this fact so painfully before me, I am not only convinced it was perpetrated by men of this command, but that it was carefully planned beforehand."

The above is an extract of a letter written by Major Penrose, of the Twenty-fifth infantry, to the military secretary of the department of Texas, on August 15, 1906, and introduced as evidence by Judge Advocate Hay in the Penrose courtmartial proceedings growing out of the "shooting up" of the town of Brownsville, Tex., in August last. Continuing, the letter reads:

"I believe from seven to ten men were implicated in this matter. Some one of them must have had a key to the gun rack, and after check roll call was taken—for all were reported present at 11 p. m., roll call—they stepped out of the quarters, did the shooting, returning while the companies were forming, and at some time during the early morning hours cleaned their guns."

Had Perilous Voyage.

London, March 2.—The Argentine Antarctic ship Uruguay, which left Buenos Ayres, Jan. 29, 1905, has arrived at Scotia bay, South Orkney islands, after a perilous voyage during which she encountered hundreds of icebergs and heavy packs of ice and sustained considerable damage. The Scotia bay station was established by the Scotch Antarctic expedition of five years ago, and was taken over in 1905 by the Argentine government, which is continuing the meterological and magnetic observations commenced by the Scotch Expedition.

Jurors Swam Creek.

New Orleans, La., March 2.—Reports Thursday night from Mississippi and Louisiana tell of exceptionally heavy rains and floods. At Forest, Miss., the creeks rose so rapidly as to interfere with holding court Thursday, jurors and witnesses having to swim with their horses across the swollen streams. The rivers about Donaldsonville, La., are all out of their banks, and LeCompte, La., reports cloudburst conditions. At Lucedale, Miss., a child was killed by lightning, and another child badly burned.

Increase Capital Stock.

Pittsburg, March 2.—In accordance with the plan outlined by the Vanderbilt representatives at a meeting in New York, Dec. 13, the stockholders of the Pittsburg and Lake Erie Railroad company Thursday voted to increase the capital stock of the company from $10,000 to $30,000,000. It was announced here Friday that the amount of stock to be issued immediately is not likely to exceed $3,000,000. This amount will be sufficient to carry out the plan for the New work in this district.

FLORIDA CHAUTAUQUA WILL OPEN TODAY

The Chautauqua Will Begin With Religious Services In Afternoon.

A FINE PROGRAM ARRANGED

Prof. J. R. C. Brown Will Continue His Bible Lectures Monday—Miss Giles in the Afternoon, and Col. Geo. W. Bain Will Lecture at Night.

The fourth annual session of the Florida Winter Chautauqua, which has become a part and parcel of the city of Gainesville, and one of the attractions which has advertised the city from one end of this great country to another, will open today. In fact, the Chautauqua proper will not begin on its regular program until tomorrow, but there will be vesper and other religious services at the big tabernacle today, which will be followed on Monday with the regular program.

Next to the Bible Conference, which is a national affair, this chautauqua has done more toward advertising Gainesville than any other organization or association, all of which has received due and proper appreciation. The Chautauqua has been advertised everywhere as one of the most modern attractions of its kind ever seen in the country, and the program will substantiate the assertions of the management.

The program offered includes the best things which genius can devise or money can secure. It is the result of careful study and judgment of Dr. Clarence B Strouse, which alone is a guarantee of its refinement and cleverness.

While every session of the Chautauqua has proved most satisfactory, Dr. Strouse, who is ever alert to secure better attractions each year, has enlisted the services of a number of professional chautauqua orators and other workers this year which are bound to make the program one of the most successful and enjoyable ever seen in the South.

While the Chautauqua proper will not open until Monday, services will be held at the Tabernacle today. The first will be a service at 4:30 o'clock this afternoon, followed by a song service at 7:45 and a sermon at 8 o'clock. Dr. Strouse will conduct the vesper service.

On Monday morning, beginning at 10 o'clock, our people will again be favored with a continuation of lectures from Prof. J. R. C. Brown, who during the Bible Conference created so much interest on these famous lectures. Prof. Brown is a master in this work, and his lectures proved of great value to his hearers as a source of information.

In the afternoon at 3 o'clock Miss Christine Giles of Cleveland, Ohio, a soprano, violinist and elocutionist of national note, will be the attraction. Miss Giles has appeared before a number of the most refined audiences in America, and enjoys the reputation of being one of the most cultured entertainers on the chautauqua platform.

In the evening, at 8 o'clock, Miss Giles will render a musical prelude in violin and voice, which will be followed by a lecture by Col. Geo. W. Bain of Lexington, Ky., the subject of which will be "Among the Masses; or, Traits of Character." Col Bain, who will be heard here for the first time, is a man of broad intellect, and is unquestionably the best exponent of true Southern eloquence on the chautauqua platform today. His masterly treatment of important themes, his marvelous command of pure, wholesome English, his voice of musical modulation, and other things, make a lecture the equal of which is seldom heard.

The program this year has been arranged with a great deal of precaution, and is a program which is bound to please those who attend the Chautauqua.

There will be no admission to the Sunday services, but tickets for the Chautauqua, good for the season, may be purchased from Miller's or Avera's. The price is $3.50, and they will be honored for any member of an immediate family.

SHIPMENT OF GOATS.

Solid Carload of Alachua County Animals Sent to Tampa Friday.

A pair of Greeks from Tarpon Springs who have an eye to business have been in the city for the past three or four days, having come for the purpose of buying up a number of goats for shipment to the Tampa market. They succeeded in purchasing about 150 of the animals from the stockmen in the vicinity of Gainesville, and they were shipped to the South Florida metropolis Friday. The goats were of extraordinary quality, being of good breed and in good condition. They will no doubt bring good prices on the Tampa market.

Letter to J. M. Graham.

Gainesville, Fla.

Dear Sir: If we sell Devoe to paint your town, your road won't have so much freight to handle.

It takes 10 gallons to paint a fair-size house, and that house won't want painting again for 5 or 10 years. That's true in a way; but people, you know, rather like fresh paint, and they paint for nothing but looks sometimes.

That house would take 12 or 13 gallons of almost any other paint than Devoe, and would have to be painted again in half that time. Ten years is a very long time for a paint to wear; and five isn't short.

Which makes the most freight, a 10 or 20-gallon paint? 5 or 10 year-paint? But the 10 gallon paint is the 10 year paint; and the 20 gallon paint is the 5-year paint. Which makes the most freight?

Ask your paint-dealer which he'd rather sell, and which he could sell most of. Ask your painter which he'd rather paint; whether good or bad paint is good for his business; which is good paint, the 10 or 15-gallon paint; which pays most freight, and which pays most wages. Which will you buy yourself, the 10-gallon 10-year, or 20-gallon 5 year, paint?

Yours truly,
F. W. DEVOE & CO.

LOOKS LIKE UNION PASSENGER STATION

Orders Issued to Three Railroad Companies Entering City.

THEY MUST SHOW CAUSE

Why a Union Station Should Not be Erected, and if They Cannot Do Same the Order Will be Issued. Would be Big Thing for Gainesville.

The matter of securing a union passenger station for Gainesville, which has come to be a much needed convenience with the rapid advancement of the city in every other direction, appears to have assumed something of a positive proportion within the past few days, as an order has been issued by the Florida Railroad Commission to the Atlantic Coast Line Railroad Company, the Seaboard Air Line Railroad Company, and the Gainesville and Gulf (nee the Tampa and Jacksonville) Railroad Company, to appear before the Commissioners on March 28, and show cause, if any exists, why a union depot should not be established in Gainesville.

For sometime the need of this depot has been felt here. The various passenger stations of the roads entering Gainesville are located at such distances apart as to cause not only inconvenience, but expense, in transferring of passengers and baggage, and in frequent instances results in missing connection of passengers, the trains arriving and departing within a few moments of each other.

With this knowledge, and with a desire to give the city and the traveling public more convenient accommodations, a committee of prominent citizens brought the matter before the Railroad Commission, with the result that members of the Commission visited Gainesville and ascertained for the information of the Commission the actual conditions. As the best evidence that the visitors felt that the grievance of the people of Gainesville was fair and just, that body has issued the following order:

"Office of the Railroad Commissioners of the State of Florida.

"To the Seaboard Air Line Railway, the Atlantic Coast Line Railroad Company and the Gainesville and Gulf Railway:

"You are hereby notified that there will be a meeting of the Railroad Commissioners of the State of Florida, at their office in the city of Tallahassee, Florida, at 10 o'clock a. m., on the 28th day of March, A. D. 1907, to consider the advisability of issuing an order requiring you, the Seaboard Air Line Railway, and you, the Atlantic Coast Line Railroad Company, and you, the Gainesville and Gulf Railway, to construct a union passenger depot at Gainesville, Florida.

"At this meeting you, the Seaboard Air Line Railway, and you, the Atlantic Coast Line Railroad Company, and you, the Gainesville and Gulf Railway, will have an opportunity to be heard and to show cause, if any you have, why the proposed union passenger depot should not be constructed by you at Gainesville, Florida.

"Done and ordered by the Railroad Commissioners of the State of Florida, in session at their office in the city of Tallahassee, Florida, this 26th day of February, A. D. 1907.

"R. HUDSON BURR, Chairman.

"Attest: L. C. DUNN, Secretary."

There were twenty of these bonds, $500 each, bearing five per cent interest, which will be due in 1917, making them ten-year papers.

Captain Dell, after having properly signed and attached the official seal of the city, transferred the bonds to the Board of Public Works, who will negotiate them.

MRS. REBECCA SIMMONS.

Beautiful Tribute to a Noble Christian Who Died in Nocatee.

Mrs. Rebecca Simmons departed from this world Tuesday night, Feb. 19, about 8 o'clock. She lived in this world as a bonafied Christian, and fought like a brave soldier for Christ. All along this tedious journey she had her bitters and sweets. She went along a great many days with an aching heart and in the meantime shedding briny tears for Jesus' sake. Sometimes, when the way would become so dark and gloomy, she would say, "Do show me, Lord, the way, and guide me on the road."

Sister Simmons' health had been failing for a number of years, but nevertheless, whenever there was a battle to be fought for Christ, she was ready to fight, and did fight.

When toils would come upon her, she would bear the toils and endure the pains, because she was supported by the word of Him who 'way back in unknown ages called together the Son, and Holy Ghost, making the triune God-head matchless in power, walking amid chaotic darkness, caught a malted mass without form and void, uttered His eternal fiat, "Let there be light!" which was God.

God, on Tuesday night, February 19, 1907, saw fit to command the monster, Death, to come to this old world of sin and go to the western continent in the country of the U. S. A., in the State of Florida, in the county of DeSoto, in the town Nocatee, and tell Rebecca Simmons to lay down her war tools, and study war no more.

She left behind to grieve after her a husband, four daughters, one son, relatives and friends.

All of those who knew Sister Simmons thought well of her, and hated very bad to lose her; but we have one good consolation, though this world lost her, but according to the life she lived she was heaven's gain.

THE NEWS FROM MELROSE.

A Delightful Party—Other Notes of Personal Interest to Sun Readers.

Melrose, March 2.—A most enjoyable fish-fry was given by Mr. and Mrs. H. W. Hamlyn to a large number of their friends on Tuesday, February 26th. At 10 a. m three crowded motor launches, with all flags flying, started for their destination, the Shooter grove, which had been very kindly placed at the disposal of the hostess for the occasion. All were cordially welcomed by Mr. and Mrs. C. C. Shooter and Mr. and Mrs. H. Shooter on their arrival, where they found four large tables arranged in the shape of a cross under a fine oak tree ready for the many good things provided. While the tables were being laid many of the guests viewed the well known shedded groves and fine vegetable gardens, while others were much interested in the process of packing grapefruit; some of them ran twenty-eight to the box. T. A. Birt was the chef in charge of the fish-fry and proved himself fully up to his task, the fish being done to a turn when luncheon was announced. After having done full justice to the bountiful repast provided, some played at quoits and cards or indulged in a quick smoke while telling fish stories. The return voyage home was again an enjoyable one, and all agreed that many thanks were due to their host and hostess for a most delightful and happy day. Mrs. Hamlyn as usual was a most charming and efficient hostess, looking well after the welfare of her guests.

Ford's Spring was the scene of a very delightful basket dinner on Wednesday, gotten up by Mrs. O. C. Grimes and a number of her friends. From all we hear it was a most pleasant occasion; that the dinner provided was A1 for variety, daintiness and culinary quality we know from personal experience, having been very kindly and substantially remembered.

This spring is getting quite a reputation for the wonderful effect it has in curing rheumatism, Mr. A. Patterson of Lima, Ohio, being a fine advertisement of its curative powers. After 120 days on crutches, he commenced upon his arrival here to drink plenty of the spring water, and within three weeks was able to dispense with the crutches, being able to walk as well as ever.

T. A. Birt has moved to the Bonny place, across Melrose Cove. He reports that the Pumpkin Patch truck garden is in fine condition, proving it by the tender cabbages and green peas he is furnishing to his customers.

Mrs. R. B. Embree and Miss P. Embree of Bristol, Tenn., are the guests of Mr. and Mrs. L. W. Pearsall.

Mrs. E. M. King entertained her friends at a very pleasant euchre party on Thursday night.

The many friends in Melrose of Miss Bessie A. Moore will be pleased to hear that on February 23rd she won the national championship of indoor tennis, playing at the Seventh Regiment Armory, New York City, against Miss Marie Wagner. Miss Moore is also the owner of the beautiful challenge cup for outdoor tennis, having won the challenge for America not less than four times.

Mr. and Mrs. H. C. Barnett of Hawthorn are the guests of Mrs. M. J. Barnett for a few days.

Afflicted With Rheumatism.

"I was and am yet afflicted with rheumatism," says Mr. J. C. Bayne, editor of The Herald, Addington, Indian Territory, "but thanks to Chamberlain's Pain Balm am able once more to attend to business. It is the best of liniments." If troubled with rheumatism give Pain Balm a trial and you are certain to be more than pleased with the prompt relief which it affords. One application relieves the pain. For sale by all druggists.

Wedding in Colored Circles.

A swell wedding in colored circles occurred Saturday, when Madison Barnett, an old and well known resident of this city, was married to Martha Grant, at the home of the latter on North Garden street, Rev. H. M. Fleming of Mount Moriah Baptist Church officiating.

The contracting parties, who are rather advanced in years, have a number of friends in this city, both white and colored, and all will wish them a happy and contented married life.

WOMEN SUFFER

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance.

How many women do you know who are perfectly well and strong?

The cause may be easily traced to some feminine derangement which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, dragging sensations, flatulency, nervousness, and sleeplessness.

These symptoms are but warnings that there is danger ahead, and unless heeded, a life of suffering or a serious operation is the inevitable result. The best remedy for all these symptoms is

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs. No other medicine in the country has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills.

Miss J. F. Walsh, of 328 W. 36th St., New York City, writes:—"Lydia E. Pinkham's Vegetable Compound has been of inestimable value in restoring my health. I suffered from female illness which caused dreadful headaches, dizziness, and dull pains in my back, but your medicine soon brought about a change in my general condition, built me up and made me perfectly well."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and Displacements, Inflammation and Ulceration, and organic diseases. It is invaluable in preparing for child-birth and during the Change of Life. It cures Nervous Prostration, Headache, General Debility, and invigorates the whole system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

SERMONETTES

BY J. MARVIN NICHOLS.

In Portsmouth, Virginia, a most successful planter recently died. His corn crop alone covered two thousand acres of fertile land he had redeemed from Dismal Swamp. The dying regret of the old Virginian was that none of his sons had brains enough to make a farmer. The day of the "hay seed" is about over.

There come days, hard and depressing, because everything seems to conspire to make one's anxieties heavy. But when you get home and your children gather 'round you, then the joy of life steals back and you feel new once more. They freshen a man as no other tonic can. The sight of happy children tugging at the skirts of a loving wife who waits to greet a tired husband is the most inspiring thing in life; that is, if you are the fortunate man.

I've found a beautiful incident. I give it not as a temperance lecture, but to speak again of the real woman's heart. There is no counter balance in the world like the woman who does not weigh the merits of her lover's heart by the gravity of his faults. It takes a great love to endure under a great strain. But when the night of storm has passed—as pass they must—that woman is the one woman in all the world to him.

Sometimes, after a debauch, the man would be repentant. He would promise his wife to do better. But, alas! the years taught her the barrenness of all such promises.

And one night when he was getting to be an old man, thin-limbed, stoop-shouldered, with red-rimmed eyes—he said to his wife, sadly:

"You're a clever woman, Jenny; a courageous, active, good woman. You should have married a better man than me, dear."

She looked at him and—in the fair vision of those happy years—thinking of what he had been, she answered in her quiet, sweet voice:

"I did, James."

In some select quarters these exhibitions blow-outs just make me sick. It shocked me the other day when a celebrated actress, in her rooms on the fifth floor, gave a dainty luncheon to a few invited friends. The surprise was a baby elephant that entered, by previous invitation, actually took a seat in the circle (with the other animals) and really ate them with their dainty sweet-meats. I had revived at a little bit when Harry Lehr took the nobbies in Newport with his monkey dinner. At that dinner the lower species of the same genus ate in the finest peace—the tailed and tailless monkey. Darwin must have been on the trail when he dreamed of Central baboons. Out on a long trip recently I noticed this "call from the wild." It seems that women are more blase upon hearing it. I noticed that the pretty girls in the troupes slept with weazled-eyed, fidgety "purps." At least they were registered for the same room and both went that way. The girl—a ravishing beauty—was actually devoting all her grace and fondness on a measly, hair-lipped mongrel dog. I don't understand this fad. And now comes Mrs. Griffin to set Boston wild with her zoo dinner. Covers were laid for twenty—that is to say, ten female animals and ten more animals. All the reputed culture on earth will not remove refinement between the dog—if one elects to eat with a dog. Where are we at, anyhow? We are either on the verge of savagery once more, or else our ideals have suffered a terrific twist. The higher you go in modern so-called social life, the more glaring these eccentric movements in society But that zoo dinner!

MINARD'S KING OF PAIN LINIMENT

"And I would recommend Minard's Liniment for all aches and pains, as it is the best liniment made. Respectfully yours, Charles Wood, E. Providence, R. I."

So pure and antiseptic, so powerful, penetrating and soothing, as to have justly earned its title, King of Pain, it is the most effective, economical, and clean-to-use external cure for rheumatism, neuralgia, pleurisy, stiff, twisted joints, sore, strained, or lame muscles, tired, aching feet, any pain or ache, as well as for throat and lung troubles, and a general family medicine.

Large bottles 25c. and 50c. At druggists and general stores.
For free sample bottle write Minard's Liniment M'f'g Co., So. Framingham, Mass.

A guinea pig ate with a cultured (?) hunk of sweetness, a gamecock dined with a refined (?) dream of beauty, and a bull-terrier feasted with a society (?) queen. And on and on—at this same royal banquet. Nothing marred the swell repast until, by some unforseen disagreement, the bull-terrier decided to get him a rare cutlet off the Angora cat, and the parrot undertook to fuddle with the snoot of the guinea pig. I wish—heartily wish that all such social riff-raff could get an eternal consignment to the Adamless Eden and cattery now being set up in Southwest Texas.

Always Keeps Chamberlain's Cough Remedy in His House.

"We would not be without Chamberlain's Cough Remedy. It is kept on hand continually in our home," says W. W. Kearney, editor of The Independent, Lowry City, Mo. That is just what every family should do. When kept at hand ready for instant use, a cold may be checked at the outset and cured in much less time than after it has become settled in the system. This remedy is also without a peer for croup in children, and will prevent the attack when given as soon as the child becomes hoarse, or even after the croupy cough appears, which can only be done when the remedy is kept at hand. For sale by all druggists.

COMPLIMENT TO FLORIDA.

A. R. Harper Tells Cincinnati People What a Good State We Have.

The Cincinnati correspondent of The Music Trade Review, published in New York, has the following, which shows that Mr Harper never loses an opportunity to say a good word for Florida:

"A visitor of special interest was A. R. Harper of Gainesville, Fla., a dealer at that point. Mr. Harper speaks of the Florida trade as exceedingly good, and as affording a surprising field of endeavor. Florida, says this enthusiastic resident of that State, is rich in every possible fashion of natural endowment. In forests, turpentine, phosphates, oranges and tourists. All this brings plenty of money wherewith to buy pianos, and this the natives obligingly do"

G B. Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Will Purchase Church Sites.

Havana, March 2.—The decision of the United States government that the church property in Havana shall be purchased, will be of much benefit to Cuba, as the sites of the buildings, particularly that of the customs house, are very valuable. There have been reports that certain persons have been trying to hold up the purchase by the Cuban government in order to get a share of the profits, but the decision to buy has upset these plans.

And remember the next time you suffer from pain—caused by damp weather—when your head nearly bursts from neuralgia—try Ballard's Snow Liniment. It will cure you. A prominent business man of Hempstead, Texas, writes: "I have used your liniment. Previous to using it I was a great sufferer from rheumatism and neuralgia. I am pleased to say that now I am free from these complaints. I am sure I owe this to your liniment." Sold by W. M. Johnson.

OLD SORES FED AND KEPT OPEN BY IMPURE BLOOD

A great many people have an idea that old sores exist merely because of a diseased condition of the flesh where the ulcer is located. They patiently apply salves, powders, plasters and other external applications, but in spite of all such treatment the place refuses to heal. Whenever a sore or ulcer does not heal readily the blood is at fault; this vital fluid is filled with impurities and poisons which are constantly being discharged into the place, feeding it with noxious matter, which makes it impossible for the sore to heal. Old sores may be the result of an inherited blood taint, or the effects of a long spell of sickness, or again the circulation may be contaminated with the collections of refuse matter which the different members have failed to expel through the channels of nature. Whatever the cause the blood becomes steeped in poison and a cut, bruise, scratch or other wound often develops into a sore, fed and kept up by these impurities, causing it to eat deeper into the surrounding tissue, inflaming, festering and causing pain. External applications can only keep the sore clean; they cannot cure the trouble because they do not reach the blood. S. S. S. cures Old Sores by going to the very bottom of the trouble, driving out the impurities and poisons and purifying and building up the entire circulation. When S. S. S. has removed the cause the blood becomes rich and healthy, the sore begins to heal, new flesh is formed, the place scabs over and is soon permanently healed. Along with other sections of the city, Southwest Gainesville appears to have taken the building fever, with the result that a number of new homes are going up in that section. Many of these homes will be commodious, modern and handsome when completed, especially those in what is known as Bevill's addition.

The average farmer is probably not aware of the fact that an average mule sells for $10 a head more than horses. Such is the case, and the price has been gradually rising for a number of years. There has never been what would be called an overproduction of mules, while the market has often been unable to fully supply the demand.

The investment by conservative citizens in business and residence property is a very good indication of the faith of the citizenship in the city. Their advance has been gradual but it has only been in keeping with the general prosperity that has been prevalent in this city. People who formerly resided here on their return visits are quick to see the change in conditions.

Alfred Mosely, a wealthy Englishman, says American boys are brighter than English boys. He does not appear to know why. One of the chief reasons why young America is bright is because it tips the cap to no squire, squireling or other condescending overman. And, in addition to this, he may find by listening to the conversation of Uncle Sam's sons and daughters that each and every one has a towering ambition; not one is satisfied to stay in a particular class if he or she can see a way of getting higher.

Do you own advertising. Make it a study. Study the wants of your trade. When you get something they want let them know it. Do what you say you will, and a fortune is yours. Advertising is a study, and if a man waits until he has purchased a stock of goods and gets it placed on the shelves and then thinks about talking to the people, a school boy could predict his ravenous failure. You cannot succeed on your reputation as a good writer. You cannot succeed on your reputation as a good book-keeper. You must have other essentials, and the chief of these is to be able to get near the buyer and to inspire that confidence which will induce long-continued mutual good feeling, and to this end the newspaper is yours.

The rural routes were established for the benefit of rural homes, or in other words the farmers. They have proven a greater benefit and blessing to the farmers than was anticipated by the most sanguine. A farmer who has once enjoyed the advantages of the rural mail service would hardly know how to live without it. It did not come to the farmer, however, until he had many times earned it. The farmers are our heaviest tax-payers. What property they have is in plain sight and is taxed, while the city gent, at least many of them, who deals in notes and bonds is enabled to hide his wealth from the assessor. For a quarter of a century the mail has been carried to the city home, not once, but many times each day. Finally the big heart of Uncle Sam has reached out to the men who feed the world.

WHEN THINGS GO WRONG.

There are times when everything seems to go wrong. From 7 o'clock a. m. till 10 p. m. affairs are in a twist. You rise in the morning and the room is co'd and a button is off, and the beefsteak is tough, and the stove smokes, and the pipe bursts, and you start down town nettled from head to foot. All day long things are adverse. Insinuations, petty losses, meanness on the part of customers. The ink bottle upsets, and spoils the carpet. Some one gives a wrong turn to the damper, and the gas escapes. An agent comes in determined to insure your life, when it is already insured for more than it is worth, and you are afraid some one will knock you on the head to get the price of your policy; but he sticks to you, showing you pictures of Old Time and the hour glass, and the death's scythe, and a skeleton, making it quite certain that you will die before your time unless you take out papers in his company. Besides this, you have a cold in your head, and a grain of dirt in your eye, and you are a walking uneasiness. The day is out of joint and no surgeon can set it. The probability is that if you would look at the weathervane you would find that the wind is northeast, and you might remember that you have lost much sleep lately. It might happen to be that you are out of joint instead of the day. Be careful and not write many letters while you are in that irritable mood. You will pen some things in the way of criticism or fault finding that you will be sorry for afterward. Let us remember that these spiked nettles of life are part of our discipline. Life would get nauseating if it were all honey. The table would be poorly set that had on it nothing but treacle. We need a little vinegar, mustard, pepper and horseradish that brings the tears even when we do not feel pathetic. If this world were all somoothness we should never be ready for emigration to a higher and better. Blustering March and weeping April prepare us for shining May. This world is a poor hitching-post. Instead of tying fast on the cold mountains, we had better whip up and hasten on toward the warm inn, where our good friends are looking out of the window watching to see us come up.

OFFICE HINTS.

Never send articles for publication without giving thy name, for thy name often secures publication of a worthless article.

Thou shouldst not rap at the door of a printing office, for he that heareth thee rap sneereth in his sleeves and looseth time.

Thou shouldst never read the copy on the printer's case or sharp and hooked container thereof, or he may knock you down.

Never inquire of the editor the news, for behold it is his business to give it to thee at the appointed time without asking for it.

It is not right that you should ask him who is the author of an article, for it is his duty to keep such things to himself.

When thou dost enter his office, take heed of thyself that thou dost not look at what may concern thee not, for that is not met in the sight of good breeding.

Neither examine thou the proof-sheet, for it is not ready to meet thine eye, that thou mayest understand.

An unoccupied man cannot be happy—nor can one who is improperly occupied. There are swarms of idlers, that is men who pursue no useful occupation, and sponge their way, often enjoying the luxuries of life, living upon the hard earnings of others. In this grand and glorious country no one need be without an honorable occupation.

"Keep it out of the paper" is the cry which the local newspaper publisher daily hears. To oblige often costs consideration, though the party who makes the request thinks the granting scarcely worth saying "thank you" for. A newspaper is a peculiar thing in the public's eye. The news gatherer is stormed at because he gets hold of one item and is abused because he does not get another. Young men, and often young women, as well as older persons, perform acts which become legitimate items for publication and then rush to the newspaper office and beg the editor not to notice their escapades. The next day they condemn the same paper for not having published another party doing the same thing they were guilty of, forgetting apparently their late visit to the printing office.

Stop neglecting to return borrowed books. Stop indulging in more than 100 pounds of self content to the square inch. Stop supposing that the world could not get on well without you. Stop looking at the dark side of life. Stop furnishing your friends with the minute particulars of your bodily ailments. Stop taking pessimistic views of men, things and the theory of the universe. Stop working too hard. Stop working not hard enough. Stop writing to famous people for their autographs. Stop procrastinating. Stop sending to newspapers "Something I've just dashed off and haven't stopped to correct."

HIGH SCHOOL NOTES.

Fifth Month Closed With Good Enrollment—A Fine Showing Was Made.

Friday closed the fifth month with an enrollment of 523. The average attendance for the month was 444, or eighty-five per cent of the total enrollment. Counting off from the enrollment those who have permanently withdrawn or been expelled, the average attendance was nearly ninety-four per cent.

There has been a very marked and gratifying improvement in the general deportment of the High School. Miss Wallace is proving a valuable acquisition to the faculty. Both as instructors and disciplinarians our two High School teachers have few, if any superiors, in the State—the same, however, may be said of the entire faculty of the school.

The boys and girls love a good joke, especially when it is on the principal. The other morning he asked us to learn a new song, and to show us how it ran he sang it for us. At the conclusion we all pretended we thought he had been entertaining us with a "vocal solo," and gave him a rousing round of applause. He saw the joke and enjoyed it quite as well as we did.

On Tuesday morning at chapel we were favored by a cute little recitation, "My Shadow," by little Annie Dorsey. On Thursday morning we had a pretty piano duet by Nellie Albright and Myrtis Dean.

Last week was examination week, and we were all kept busy telling what we had learned and grieving over what we had forgotten. The juniors say the geometry examination was a "holy terror." Miss Bessie Kelley lead the class in this branch by one point over the closest competitor.

The Eighth grade is this year without doubt the finest in the history of the school. It is not only the largest as to numbers, but is also especially noticable for its good work and excellent deportment. The High School will next year have a model freshman class.

The Ceasor class are waking up to the fact that they have something to do. There is some excellent material in the Sophomore class.

The principal has directed the High School teachers to mark all pupils zero for the month in those subjects the examination in which they "cut" last week. If parents find any "goose eggs" on their children's report cards this month, they will know how they got there.

The First grade had their annual picnic Friday. It was a happy crowd of little folks that, loaded down with baskets and lunch boxes, piled out of the building at noon, and chaperoned by Miss Sanchez, their teacher, assisted by Miss Shannou, whom they had borrowed of the Sixth grade, betook themselves to the woods for an afternoon of innocent play and enjoyment.

The morning mottoes are creating considerable interest. If only we could all try to live up to them our days would certainly be happier and more fruitful of good things even than they are now. One of the prettiest submitted this week was "Be fervent in spirit, diligent in business, serving the Lord."

DRANK RUM END SOON CAME.

Wood Alcohol Perhaps in the Drink Alleged to Have Been Taken.

Marietta, Ga., March 2.—F. H. Black died here at the boarding house of C. E. Johnson.

Mr. Black was a barber, a young man about 23 years of age, and was employed by Johnson & Ivey, barbers.

It is rumored that Black came to his death from the effects of drinking bay rum used by the barbers of their shop.

Black was taken violently ill Monday and died Thursday.

His father, J. J. Black, who lives at Taylor, S. C., was notified and will come here for his remains. The supposition is that the bay rum used contained wood alcohol.

DEFENSE HAD NO WITNESS.

But Mistrial Resulted—State's Witnesses Aided the Defense.

Jonesboro, Ga., March 2.—A mistrial was the result in the case of Will Lee, who shot W. C. White, the telegraph operator, Oct. 14. The jury retired at 11 o'clock Thursday, at the conclusion of the trial. Self-defense was the plea of Judge John S. Candler, attorney for Lee.

The defense had no witnesses, but it was proved by the state's witnesses that White had a large iron poker, and while ordering Lee out, White also went toward the iron safe as if to get a pistol, and the witnesses all fled from the room. Ralf Settles testified that he came in about one minute after the shot was fired, and found White on the floor with a pistol near his side. There were no eyewitnesses.

The state had five witnesses and the defense none.

The widowed mother and pretty young sister of the prisoner were present all the time, in front of the jury.

The state is represented by Solicitor General Howard and W. M. Wright.

I kept this treatment up for a few weeks when he was perfectly well. He has worked steadily since at carpenter work. Dr. King's New Discovery saved his life." Appointed Second Lieutenants.

Washington, March 2—The appointment of B. O. Mahaffey, of Texas, John A. Cleveland, of Alabama, and Traugett F. Keller, of New York, as second lieutenants in the army, is provided for in a bill passed by the house. They were dismissed from the military for insubordination in 1901, but, according to the committee report accompanying the bill, their subsequent career has been especially praiseworthy and their parents urged that the men be set right by congress.

NEW PUBLIC LANDS TO BE OPENED SOON

One Entire Township in South Florida Has Been Surveyed.

IS THE FIRST IN MANY YEARS

And Will Probably be the Last of the Government Lands in Florida—Other Valuable Lands in Various Sections of the State Will be Opened.

The register and receiver of the United States land office have given notice to the effect that Township 40 S., R. 26 E., DeSoto county, an island in Sarasota bay in Section 13, Tp. 35 S., R. 16 E.; Kitchell's Key in Section 5, Tp. 46 S., R. 23 E., and Black Island, in Township 47 S., R. 20 E., have been surveyed, and that plats of the survey of same will be filed in the United States land office at 9 o'clock a. m. on April 10 of the present year, after which the office will be prepared to receive applications to enter the lands in question.

Township 40, which is located in DeSoto county, and is said to a fertile and high timbered tract, is the first solid township to be surveyed and platted in many years, and will probably be the last one in Florida. There are now several settlers on this township, and many applications for homestead have been made, but same have been refused on account of the township not having been surveyed. The survey will open up for entry one of the most fertile and most valuable townships of public lands in the State.

ENJOYABLE STAG DINNER.

Austin Miller Entertained Members of the Kappa Alpha Fraternity.

One of the most enjoyable social functions in this city among the college fraternities for some time was the stag dinner, which was given by Austin Miller, a member of Alpha Alpha chapter of the University of the South, Sowannee, Tenn., at the home of his parents, Mr. and Mrs. Phillip Miller, East Main street N., Saturday evening.

The dinner was given complimentary to members of the Kappa Alpha Fraternity, Beta Zeta Chapter, University of Florida, and there were eleven present.

The long table was decorated with flowers and candles arranged with colors, crimson and gold, and at each plate was a card with the colors of the fraternity, initials of the chapters, and the name of the guest.

The dinner consisted of three courses, oysters, turkey, cake, cream and coffee, and was thoroughly relished by those who were so fortunate as to be present.

Those present were Frank Cannon, James Dougherty, C. A. Pound, Frank Weller, C. F. Canova, Sandie Graham, T. C. Tompson, M. L. Moremen, James Shands, Herman Gunter and George Ames. The guests are under many obligations to the clever host, who proved a most royal entertainer upon this occasion.

Friday Night's Fire.

As a result of burning woods in Southwest Gainesville Friday night, C. A. Colclough suffered the loss of a barn filled with hay, which amounted to considerable.

The fire raged beyond the city limits and beyond the fire limits, hence it was a matter of impossibility to render aid. A hose wagon went to the scene, however, and rendered all assistance possible.

The entire building was consumed, with the contents, and the loss was quite serious to Mr. Colclough.

A Delightful Affair.

Bloxham Dell, at the home of his parents, Col and Mrs. John B. Dell, East Gainesville, entertained a number of his friends Friday evening in his usual clever manner. There was a large crowd present, all of whom enjoyed the occasion immensely. An interesting feature of the evening was the "peanut contest," in which the guests were required to pick up the nuts by means of a fork. This contest proved quite amusing to the guests, many of whom participated. Larkin Carter came out with the honors.

Delicious refreshments of chicken salad, ice cream, cake and punch were served, and altogether the evening passed in a most enjoyable manner.

How to Remain Young.

To continue young in health and strength, do as Mrs. N. F. Rowan, McDonough, Ga., did. She says: "Three bottles of Electric Bitters cured me of chronic liver and stomach trouble, complicated with such an unhealthy condition of the blood that my skin turned red as flannel. I am now practically 20 years younger than before I took Electric Bitters. I can now do all my work with ease and assist in my husband's store." Guaranteed at all drug stores. Price 50c.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use.

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

NEWS OF CITY AND COUNTY CONDENSED

Dr. and Mrs. J. F. Mixson, who have been residing at Otter Creek for the past few years, have removed to Greenville, Madison county, where they will make their future home.

Wade Thomas and B. L. Duke of Monteocha were in the city yesterday, and made The Sun an agreeable call. They report a good rain in their section in the morning, which was badly needed.

Mr. and Mrs. Exley, who have been in charge of the Pearce House for several months, have relinquished the management of same, which is now under the management of the owner, Mrs. Robt. Wixson.

Ed. Rosborough of Windsor, who holds a responsible traveling position, was in the city yesterday. He was accompanied by his brother, R. R. Rosborough, of Jacksonville. They were en route to Windsor to spend Sunday.

Workmen are busily engaged in laying the sidewalks around the Graham and Goode properties, West Main, West Court and North Garden streets. This will be a big improvement, and will be appreciated by those who have occasion to use the walks.

Attention is called to the advertisement of The G. W. Hyde Company, which appears elsewhere in this issue. This enterprising firm is advertising a line of spring goods, all of which are attractive and up-to-date, and anyone contemplating spring purchases will do well to investigate the line before buying.

Among the visitors to this city is Col. W. G. Stewart of Pittsburg, Pa., who is here on a visit for the first time in nine years. Col. Stewart is well known here, having married Miss Josephine Howard of Pennsylvania, who made her winter home here. He is well pleased with the progress which has been made in Gainesville during the past few years.

Commodore R. W. Beall, Dr. J. A. Batton and Isaac Batton of Uniontown, Pa., who were members of the camping party at Palmer, are in the city, the camp having broken at the close of the hunting season, March 1. The party are well pleased with their trip to Florida this year, nowithstanding that the game was scarcer than usual, owing to the dry weather.

A. J. Moore of High Springs was in the city Friday and made The Sun an agreeable call. Mr. Moore has recently purchased the fruit and confectionery business of H. McL. Grady at High Springs, and will continue to conduct the same. He will enlarge the place and make a number of improvements, and proposes to have one of the most up-to-date places of the kind in this section of the State.

T. L. Robinson and wife and son, Elmer, were in the city from Melrose yesterday, and while here Mr. Robinson renewed his subscription to The Sun. Mr. Robinson is the manager of the famous Maxwell grove, which is one of the largest in the State, embracing eighty-five acres. He has been for nineteen years in charge of this grove, and really set it. He is regarded as one of the most thoroughly posted men on orange culture in Florida.

The hunting season having closed on February 28, the sport will be abandoned until next season. The season was a little unsuccessful, as the continued drought kept the woods and fields in a dry state, hence the game was "bunched" in the marshes and low places. The quail, which have always been numerous, were conspicuous in many places "by their absence," and only certain locations afforded good hunting.

Colfax Rebekah Lodge No. 2, I. O. O. F., will give a supper at the Continental Cafe from 4 to 11 o'clock Tuesday. Oysters will be served in all styles, and ice cream and cake and coffee will finish the menu. A cordial invitation is extended to all, and inasmuch as the ladies composing the membership of the Rebekahs enjoy a reputation for preparing things to eat in a tempting manner, it goes without saying that the affair will be a success in every way.

Dr. R. Goldstein, the well known optic specialist, of Louisville, Ky., who has been here often and fitted glasses to many of our best citizens, is at the Brown House for a few days, where he can be consulted. All defects of eye-sight correctly fitted with glasses; absolute accuracy in testing eyes and perfect satisfaction guaranteed. If you have headache or neuralgia, consult Dr. Goldstein and get relief. Have your children's eyes attended to before sending to school. Examination free.

ENJOY EATING.

Good Digestion Can Be Readily Gained With Mi-o-na Stomach Tablets.

It is torment to look upon a tempting dinner and realize that to eat freely means distress and suffering.

Let us tell you how you can enjoy eating, so that the heartiest meals will set well and cause no pain, distress or uncomfortable feeling of fullness.

If you cannot eat and enjoy three good, hearty, satisfying meals a day without any feeling of discomfort, your stomach is weak and needs the strength which Mi-o-na stomach tablets will give it. You cannot afford to delay treatment, for the longer you allow the digestive organs to be weak, the harder it will be to get help.

The remarkable curative and strengthening power of Mi-o-na is attested by the guarantee which J. W. McCollum & Co. give with every 50c box: "We return the money if Mi-o-na fails to cure."

If you find that eating well-cooked and properly-chewed food is followed by heaviness and load on the stomach, by bloating, by gulping of acids and wind, by distress, nervousness, headache, trouble to sleep, or by any other symptoms of disordered or weak stomach, you should begin the use of Mi-o-na at once. It is guaranteed by one of the best known druggists in Gainesville to cure all disorders of the stomach, or cost nothing. A guarantee like this means a good deal.

Worked Like a Charm.

Mr. D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c.
